**Jalila BRUMENT**  
**16 years experience in Clinical Research**

**SENIOR CLINICAL RESEARCH ASSOCIATE**

**Age : 40 years**

**Address : Jalila BRUMENT – 77, rue de Trigauville - 76600 LE HAVRE – France**

**➔ Area :**

- **PARIS, Normandy, North and North-West of France**
- **France and Belgium**

**Tel/Fax : +33 2 35.43.13.36 / Mob : +33 6.85.43.22.21**

**E-mail : [jalila.brument@aidarc.com](mailto:jalila.brument@aidarc.com)**

**PROFESSIONAL EXPERIENCE**

- **Since 1<sup>st</sup> March 2000** : Clinical Research Associate, Aid'ARC Company, Normandy
- **November 1999 to February 2000** : Study- Nurse in Cardiology, Boucicot Hospital, Paris.
- **May to July 1999** : Study- Nurse in Cardiology, Le Havre Hospital, Normandy.
- **1998** : Research experience in Laboratory of experimental Neuropsychopharmacology : Pr Costentin / CNRS Unit - Pharmacological study in Depression - Rouen

**EDUCATION**

- Since 2008: GLAXOSMITHKLINE: GCP Training: update training every 3 months.
- January 2016: IFIS: Training of the new Clinical Trials Regulation (CTR) EU N°536/2014
- March 2015 : MAPI GROUP : Training of Guideline for Good Clinical Practice of ICH Topic E 6 R1, and of Good Epidemiological Practice (GEP), Guidelines for good pharmacoepidemiological practices (GPP), International Ethical Guidelines for Epidemiological Study
- June 2013 : SUNNIKAN CONSULTING : Training of “Certificate to train investigators to GCPs”
- April 2013 : SUNNIKAN CONSULTING : Training of “Preparation of an investigational site audit ”,
- May 2011 : SUNNIKAN CONSULTING : Training of “French and European Regulatory of EC submission regarding drugs and medical devices”,
- April 2008 : SUNNIKAN CONSULTING : Training of “New European rules in clinical trials”,
- April 2004 : SUNNIKAN CONSULTING : Training of “New European rules in clinical

trials”,

- December 2003 : IFIS, Training of “New European rules in clinical trials”,
- 1999 : University of Caen : Diploma of Clinical Research Assistant,
- 1998 : University of Rouen, Maîtrise of Cell Biology,

### **ADDITIONAL TRAINING**

Experience in study with a medical device

Experience in studies with electronic CRFs: INFORM, RDE, EDC, MARVIN, Datatrack, Oracle RDC, CSOnline, Projection, e-nable...

### **LANGUAGE SKILLS**

English (working knowledge), French (mother tongue), German (I know the basics of German)

### **SUMMARY OF EXPERIENCE**

- ❖ Experience in clinical trial monitoring (feasibility studies, initiation, monitoring, and close-out visits), in coordination of investigators sites, in EC submission, in Investigators and hospital financial contracts management, in management of CRA.
- ❖ **Therapeutics areas of experience:** Oncology, Cardiology, Endocrinology, Paediatrics, Gastroenterology, Pneumology, Rheumatology, Gynaecology, Infectiology, Psychiatry, Nephrology, Haematology and Ophthalmology.

### **EXPERIENCE**

#### **CARDIOLOGY**

<b>Phase</b>	<b>Pathology</b>	<b>Function</b>
<b>III</b>	<b>Medical device: Interventional Cardiology</b>	<b>CRA</b>
III	Myocardial Infarction	CRA
IV	Arterial Hypertension	CRA
IV	Hypercholesterolemia	CRA
IV	Hypercholesterolemia	CRA
III	Arterial Hypertension	CRA
III	Myocardial Infarction	CRA
III	Heart Failure	CRA
III	Heart Failure	CRA
epidemiologic Investigation	Infectious Endocarditis	Study-Co
III	Heart Failure	SC

Medico-economics study	Intra arterial Thrombectomy in Ischemic Cerebral Accident	CRA
III	Coronary Artery Disease	CRA
Observational study	Acute coronary syndrome	CRA
<b>III</b>	<b>Medical device: Heart failure with central sleep apnea</b>	<b>CRA</b>
III	Cardiovascular high risk and hemodialysis	CRA

## ENDOCRINOLOGY

Phase	Pathology	Function
III	Diabetes	CRA
III	Diabetes	CRA

## GASTROENTEROLOGY

Phase	Pathology	Function
Pharmaco-epidemiologic Investigation	Gastro-Hepatology	CRA
III	Dyspepsia	CRA
IV	Gastroesophageal reflux	CRA
II	Crohn's disease	CRA
IV	Crohn's disease and Ulcerative Colitis	SC

## GYNAECOLOGY

Phase	Pathology	Function
IV	Menopause	CRA
<b>IV</b>	<b>Medical device: Contraception with intrauterine contraceptive device</b>	<b>CRA</b>
IV	Polycystic Ovary Syndrome	CRA

## HAEMATOLOGY

Phase	Pathology	Function
III	Idiopathic thrombocytopenic purpura	SC
Observational study	Multiple myeloma	SC

## INFECTIOLOGY

Phase	Pathology	Function
Temporary Emergency Use	Patients with an immunosuppression : Acute Myeloid Leukemia, Acute Lymphoid Leukemia, Bone Marrow Transplant, Renal Transplant, Chronic Granulomateus disease, Aspergillosis, Candidiasis, AIDS	CRA
Pharmaco-epidemiologic Investigation	Flu	CRA
III	Vaccine / Immunogenicity	CRA
III	Herpes Vaccine with haematologic malignacies	CRA
IV	Sinusitis	CRA

## NEUROLOGY

Phase	Pathology	Function
IV	Depression	CRA
IV	Sleep Disorder	CRA
IV	Cerebrovascular accident	CRA

## ONCOLOGY

Phase	Pathology	Function
II	Lung Cancer	CRA
III	Pancreas Cancer	CRA
II	Lung Cancer	CRA
Pharmaco epidemio Investigation	solid tumor or malignant Haemopathy	CRA
II	Lung cancer	CRA
III	Lung cancer	SC
I-II	Lung cancer	CRA
Epidemiologic Investigation	Lung cancer	CRA
III	Venous Thromboemboly	CRA
Observational study	Lung cancer	CRA
Pharmaco epidemio Investigation	Cancer with anaemia	CRA
II	Metastatic cutaneous melanoma	CRA
III	squamous cell carcinoma of head and neck	SC

## PAEDIATRICS

Phase	Pathology	Function
III	Vaccine	CRA

III	Asthma	CRA
III	Diarrhea	CRA
IV	Infant milk (cons skin manifestation)	CRA
PMS	Growth Disturbance	SC

### PNEUMOLOGY

Phase	Pathology	Function
III	Acute Pneumopathy	CRA
IV	Asthma	CRA
IV	Asthma	CRA

### RENAL SYSTEM

Phase	Pathology	Function
III	Renal Transplantation	SC
III	Renal Transplantation	SC
III	Renal Transplantation	SC
III	Renal Transplantation	SC
III	Renal Transplantation	SC
III	Renal Transplantation	SC
III	Renal Transplantation	SC
III	Haemodialysis and cardiovascular disease	CRA
Observational study	Chronic Renal Insufficiency	CRA
Medico economic study	Chronic Renal Insufficiency	CRA
Feasibility study	Renal Insufficiency	CRA

### RHEUMATOLOGY

Phase	Pathology	Function
Pharmaco epidemio Investigation	Vertebral Fracture	SC
IV	Osteoporosis	CRA
III	Shin Fracture	SC
II	lumbosacral radiculopathy	SC
Observational study	Rheumatoid polyarthritis	SC

### OPHTALMOLOGY

Phase	Pathology	Function
IV	Diabetic Macular Oedema	SC
